

Electronics and equipment assembly (m/f/x)

For over 28 years, Munich based STT-SystemTechnik GmbH, has been very successfully designing, developing and manufacturing highly reliable radio frequency data transmission systems and antennas for industry, aerospace and space. Our equipment and systems operate reliable in many different applications worldwide -and in the vastness of the universe- under very harsh environmental conditions.

To strengthen our manufacturing team we are currently looking for an employee for electronics and equipment assembly (m/f/x) joining us at the earliest possible date.

Your areas of responsibility would include:

- Manual assembly and soldering (SMD and wired) of individual circuit boards and small series under the microscope and on a semi-automatic pick-and-place machine
- Assembly and wiring of equipment
- Assembly of cable harnesses
- Assembly of test boards and prototype boards/units
- Repair and rework of the assemblies and equipment

What you can expect from us:

- We offer an international, highly innovative and exciting environment,
- You work actively on very interesting projects for our customers worldwide,
- You can successfully contribute with your own knowledge, experience and ideas, as well as your passion for electronics
- You will find an open and modern working environment in a familiar atmosphere

What skills you should bring along:

- Qualification as an electronics engineer or electrical technician
- Several years of professional experience in the assembly and manufacturing of circuit boards and equipment
- Experienced in understanding electronic circuits, in soldering through-hole and SMD components and in wiring equipment
- Experience in J-STD-001, ECSS-Q-ST-70-xxx and/or IPC-A-610
- Manual skills and good knowledge of crimping and the assembly of RF-cables

ASTEP AHEAD

This is how you inspire us:

- Your strong motivation and your dependability
- Your high awareness for quality
- Your ability to work both independently and within a team
- Your organizational talent and your creativity

We also offer many benefits:

- free coffee, fruits, drinks and snacks,
- above-average leave days,
- flexible working hours,
- modern equipment and IT,
- company pension scheme,
- flat hierarchy,
- no dress code – come as you are

Join our extraordinary team and shape forward-looking innovations together with us.

If you feel addressed and if you think this job is what you've been looking for, please send us your detailed application stating the earliest date you could start and your salary expectations.
